

ODYSSEY SERIES

Bottled Water Coolers

The Odyssey Series offers unparalleled value in bottled ambient and cold drinking water dispensers. The modern cooler is the perfect unit for family homes, renters and small-offices all year round.

KEY FEATURES

- Stylish front facade made from high quality durable plastic, coupled with steel side panels for strength
- Easy-to-use taps, only one hand required
- Food-grade, stainless steel water contact tubes
- Durable polypropylene, self-closing taps
- Easy-to-clean, removable drip tray
- 12 month standard warranty and additional 24 month refrigeration system coverage
- Full range of replacement parts

The Odyssey Series is a free-standing unit available in ambient and cold configuration. The series has a 2.5 L tank and is an excellent choice for any application, dispensing 2.5 L of cold water per hour.

The cooler is created from high quality materials including food-grade and stainless-steel water contact tubes. The durable plastic, coupled with steel side panels for strength makes this unit perfect for home and small office use.

The Odyssey Series is covered with a twelve month standard warranty and additional twenty-four month refrigeration system coverage. A full range of replacement parts are available to keep the unit in operation for longer.

Tap water is gravity fed through a replaceable filter allowing for a constant and convenient supply of fresh filtered water.

Works great with our Tri-Stage Refillable Filter Bottle

The eco-friendly Tri-Stage Filter Refillable Bottle is the revolutionary new bottle that fits all Aqua Cooler Odyssey coolers and is designed to minimise the purchasing of bottled water. The bottle creates a positive impact to save money and the environment. The 10 litre bottle is perfect for home and small office use. With the use of the environmentally sustainable bottle, you will be part of a 'go green' global movement.

To reduce the amount of single-use plastic water bottles that are accumulated in landfill or polluting oceans, Aqua Cooler has created this innovative reusable bottle. The filtered water bottle killer offers incredible value. The refillable bottle is included with the water cooler in the Odyssey Eco Package.

The long-term cost-saving benefit to home owners, renters and small office users like dentists, general practitioners and businesses, is extremely significant and can be used for years to come. Invest in the Odyssey Eco Package to save costs, improve your carbon footprint and 'go green' in your home or workplace.
